

## **NOTICE - HALF LOAD RESTRICTIONS**

### **EFFECTIVE IMMEDIATELY UNTIL FURTHER NOTICE**

During the spring thaw, most township roads become too soft to withstand the weight of a fully loaded truck, no matter how many axles.

In an effort to reduce damage to the roads during spring thaw, weight restriction of 5 tonnes per axle on all roads in the township of Ashfield-Colborne-Wawanosh has been imposed effective immediately.

Please assist us in reducing repairs to our road system by not having heavy deliveries to your property this time of year.

Please contact Brian VanOsch, Public Works Superintendent at 519-524-4669 or email [pws@acwtownship.ca](mailto:pws@acwtownship.ca) for further information.
